

This kit provides **low-cost, accurate food thermometers** for use in **catering and food processing environments**.

FM10 - Digital Pocket Thermometer

The FM10 pocket size digital thermometer is **ideal for checking core temperatures of food before serving**. Its large LCD and quick response time allow temperatures to be viewed quickly and easily.

The FM10 includes a pointed food shaft for easy insertion into food products and data hold for those hard to reach areas. Its handy pocket size and protective sheath allows users to carry around like a pen for quick checks when required.

General Specification

Water Resistant:	Yes
Auto Off:	Yes (after 35 minutes)
C/F Selection:	Yes
Data Hold:	Yes
Range:	-50°C to 150°C/-58°F to 300°F
Resolution:	0.1°C/°F
Accuracy:	1°C/2°F
Sampling time:	1.5 seconds
Battery:	1.5 Volt button (included)
Warranty:	3 months discretionary

FM21 - Folding Digital Pocket Thermometer

The FM21 **pocket size digital thermometer** is IP65 rated (water resistant) and ideal for **checking core temperatures of food before serving**.

Its large LCD and quick response time allow temperatures to be viewed quickly and easily and the fold away probe makes it very compact.

General Specification

Measuring Range:	-40°C to +250°C
Resolution:	0.1°C
Accuracy:	±0.5°C (-20°C to 150°C)
Remaining Range:	±1% or 1,0°C
Operating Temperature:	0°C to +50°C
Protection Class:	IP65
Dimensions:	116 x 38 x 20 mm
Tube:	60 x 3.5 mm
Weight:	41.2 g (incl. battery)

FM1 - Portable Oven Thermometer

The FM1 oven thermometer comes with a stand and hanging hook. It is **ideal for checking core temperatures of chilled and cooked foods.**

General Specification

Measuring Range:	+50°C to +300°C
Material:	Stainless Steel
C/F Display:	Yes
Dimensions:	12 x 15.2 x 3.4 cm
Weight:	60 g

Technical Certification

- Certificate of Conformity
- Factory Test Certificate
- Factory Calibration Certificate

Export Documentation

- Certificate of Origin
- EUR1
- ATR

Calibration and After-Sales Support

- Fully trained field service personnel
- Use of UKAS certified calibration equipment
- 5 day turnaround
- Fixed pricing
- Approved manufacturer parts
- Full post-service reports
- 12 month warranty
